GN Docket No. 10-127;  
MB Docket No. 10-71**

Dear Ms. Dortch:

On October 7, 2010, Glenn Britt, Chairman, President, and Chief Executive Officer of Time Warner Cable Inc. ("TWC") spoke by telephone with Chairman Genachowski. During this conversation, Mr. Britt and Chairman Genachowski discussed the Commission's pending rulemaking concerning Internet openness as well as its inquiry into the regulatory classification of broadband Internet access service. Consistent with its previous filings in the above captioned dockets, Mr. Britt described TWC's general positions on these subjects and reiterated TWC's interest in working with the Commission and other stakeholders to address any genuine policy concerns in a manner that preserves investment and innovation in the broadband arena. In addition, Mr. Britt noted TWC's support for the commencement of a rulemaking to pursue much-needed reform of the existing retransmission consent system.

Please contact the undersigned if you have any questions regarding this notice.

Sincerely,
